What is HAVI?

Happy Village International is a not-for-profit organization which aims to give children with severe disabilities the opportunity for education and a vocation in Volta, Ghana. HAVI's first undertaking is Ruth's Sunshine School which will provide children with disabilities the opportunity for education in a sustainable environment run entirely on renewable energy.

HAVI will offer children an education similar to their peers in government schools. In addition, specialized programs catered to the children's individual needs will be provided. This includes teaching each child a valuable vocation.

"Never doubt that a small group of thoughtful citizens can change the world. Indeed it is the only thing that ever has."
—Margaret Mead

In our next issue...

What exactly is Ruth's Sunshine School?
